WHY HAYWARDS?

A consistent and determined senior management team, working with a stable contracts management team, motivated to succeed and empowered to deliver an exceptional service. The following key elements set us apart from our competitors.

SCIENTIFIC APPROACH

We believe that cleaning is a science and therefore take a reasoned and site specific approach to equipment and chemical selection. Bespoke cleaning methods are implemented for every client.

INTEGRATED MANAGEMENT SYSTEM

Hayward Services operates an ISO 9001 & ISO14001 accredited Integrated Management System (IMS). A rigorous daily, monthly and annual inspection regime is central to successful service delivery. The IMS guarantees that such an inspection regime is delivered to each and every client.

SUPPORT SERVICES

We maintain a stable team of full time, trained and strategically located mobile operatives to provide specialist and cover cleaning support to our clients. This allows us to deliver contracted hours to our clients.

PARTNERSHIP

We believe very strongly in a non-adversarial approach to contract management.

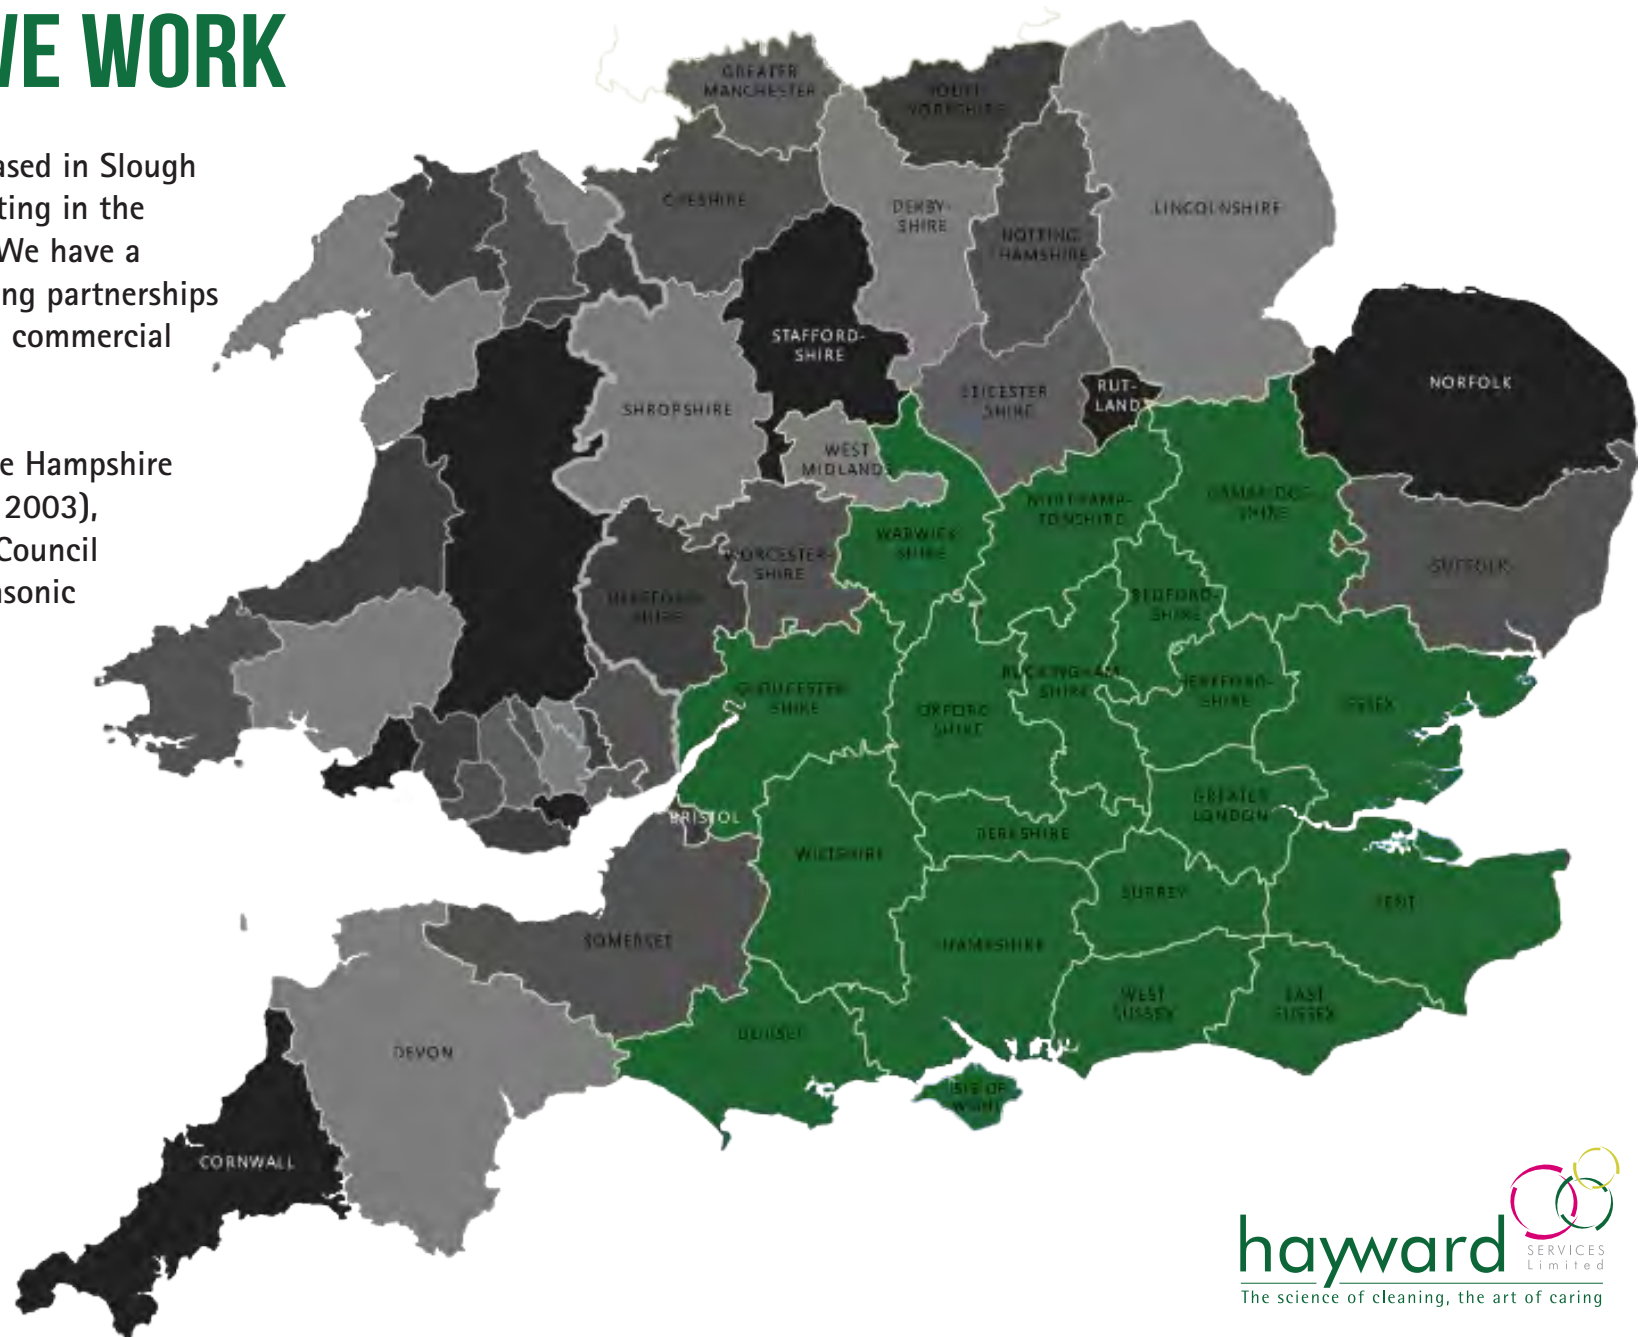

We have a proven ability to foster a partnership. We believe that we have been able to develop those partnerships via:

- Honesty
- Commitment to service delivery
- Flexible approach to service delivery
- Open and clear channels of communication
- Willingness and ability to resolve the problems that inevitably arise in the cleaning industry
- Working with clients to achieve financial efficiencies when required

WHERE WE WORK

Hayward Services is based in Slough and is currently operating in the highlighted counties. We have a number of long standing partnerships with public sector and commercial clients.

Some examples include Hampshire County Council (since 2003), Hertfordshire County Council (since 2004) and Panasonic UK (since 1997).

WHAT OUR CUSTOMER'S SAY

"The fundamental success of the Non-Residential Contract cleaning services at RHUL, success being measured as delivering exceptional cleaning standards to students, staff and guests alike, has been underpinned by significant collaboration with our service provider, Hayward Services."

John Brannan

Campus Services Manager, Royal Holloway University of London.

"I am writing to express my appreciation of the service supplied by Hayward Services Ltd., to Hampshire County Council, both during the current contract period and throughout previous contracts.

I have now been working with Hayward Services on Hampshire contracts since 2008, and in that time, I have seen continuous improvements in the way that you conduct your business with Hampshire, due in the main, to excellent levels of communication, and a willingness to enter into dialogue with customers, which actually produces resolutions to their problems, and not just unfulfilled promises of action which does not then materialise."

Paul Rutter

Authorised Officer, Hampshire County Council.

"Hayward Services have carried out our site cleaning since 2002 and we are very happy with the service they provide and to recommend them to any prospective client."

Garry Holmes

Estate Manager, Reigate College, Reigate.
